ABOUT US.

Since 1983,

Our founder, Pharmacist Cahit Selimoglu, started his career in 1965 by establishing an independent pharmacy, the second pharmacy in Agri City at eastern part of Turkey, after graduating from the Faculty of Pharmacy of Istanbul University. After establishing a company for logistics and distribution of healthcare products in Istanbul in 1978, he founded Casel in 1983.

Continuing to serve in its new administration building in Istanbul since 2009, Casel established its own production facility in 2016 and started the production of dermocosmetic products, food supplements and herbal oils. It continues its production with its ISO 9001, ISO 22000, GMP certificate and Quality Management System, Organic Entrepreneur Company Certification.

Casel develops innovative and effective products for health, skin and hair, using the most natural formulas with innovative active ingredients. Casel produces over 200 products under 30 different own brands as well as private label production in different categories such as cosmetics, food supplements, herbal oils, soaps and shampoos in its own production facilities by 2022.

Casel dedicates itself to customer and consumer satisfaction by using right and effective combinations on product formulations for 40 years.
